

A Fresh look at Biblical prophecy to bring us up-to-date, prepare us for the exciting days ahead and motivate us in the service of the Lord.

Where Are We Now? Book Review

Is it necessary to understand Bible Prophecy in order to live a Christian life? I say, no, it's not; but if we do understand at least some of it, we can better understand the things going on in the world today. It is highly necessary to understand what the Bible teaches us about living our lives so that we will cling to God, walk in His ways, love one another, and share God with all those around us.

This book called "Where Are We Now?" gives us great insight on end times- Bible Prophecy. It shows us where we are along the timeline of the fulfillment of the intriguing events described in Revelation. It also teaches us to cling to God, reach out to our loved ones, and be prepared because we are only a few years away from the sounding of the "Sixth Trumpet" of Revelation.

Here are some examples of symbols in Bible prophecy. In Daniel chapter seven he sees in a dream, four great beasts coming up from the sea. The first was like a lion and had the wings of an eagle. As he looked, its wings were plucked, it was lifted up from the ground and made to stand on two feet like a man; and a human mind was given to it. As he looked there was a bear, a leopard, and another great beast that devoured and crushed the others.

In our world Great Britain is represented by a Lion. The United States is represented by an Eagle and a man, Uncle Sam. We were also separated from Great Britain. Russia is represented by a Bear. And Germany is represented by the Leopard.

In Revelation four horses are mentioned that represent the four spirits of our world that control our motivations, a white horse which represents Religion, a red horse which represents Communism- red China, a black horse which represents Capitalism or money, and a pale horse which represents Death.

This book describes events that have already happened in our world that are the fulfillment of the first five Trumpets of Revelation. In his descriptions the prophet in Revelation has to speak of what he sees using symbols known to him, things from his world. He has never seen the awesome technology of the present.

Even if everything in this book were not completely accurate, it is close enough to tell us that we are in the last days. And that's what Jesus tells us all through the gospels. We must be prepared! The time is much shorter than we think. Things are gearing up in our world to bring about a "Big Bang Theory" such as has never been known to man.

I want everyone to read this book. It is only 71 pages. I read it in seven hours. It could motivate us to make preparations far better than "Left Behind" did, and some of those novels that took days of reading. It is now available in E-book form on my website www.InternationalEbookLibrary.com. And I am planning to put it out in hardcopy, which will be available very soon. And everywhere, people will hear from me.

If we don't do something now, we are going to be left behind. Please go check it out, and if you don't have the Lord in your life, ask me and I'll tell you how to fix that. EbookLibrarian@aol.com
